

Made to Measure Blinds

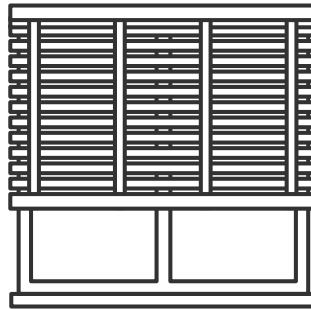

How to measure.

1 Decide if your blind is for an inside or outside recess.

Inside recess

Outside recess

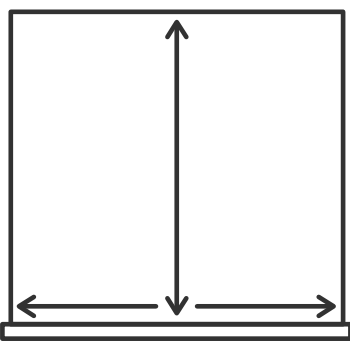

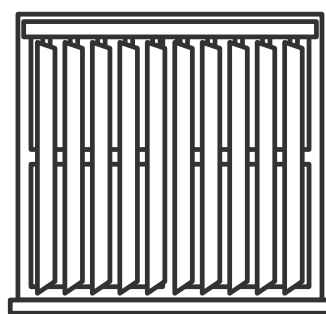

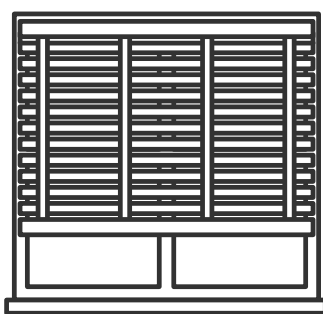

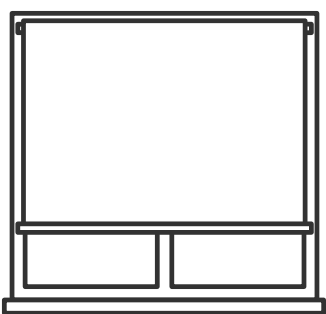

Please note an **outside recess** will be required if:

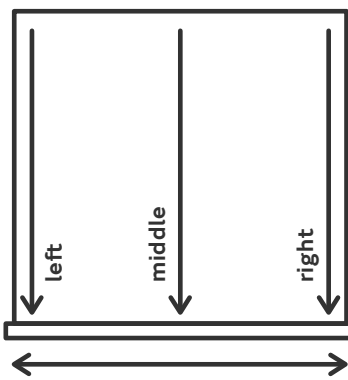

1. The window opens inwards
2. The recess is less than 75mm deep
3. The window is not straight

2 How to measure for your inside recess blind.

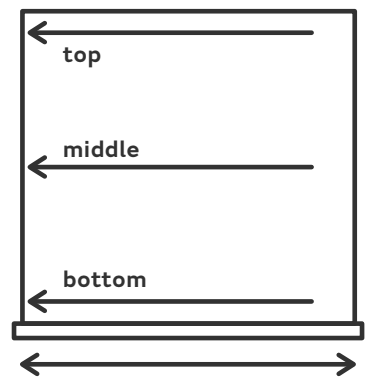

(for outside recess see step 3)

Measure wall to wall and from the top of the window to the window sill in centimeters.

Take the width measurements in three places to allow for any variations (Width - left, middle & right).

Take the drop measurements in three places to allow for any variations (Drop - top, middle & bottom)

Make a note of the smallest width and drop measurement.

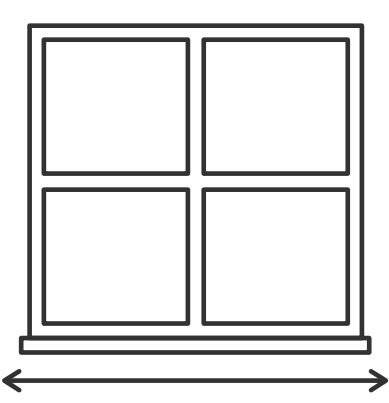

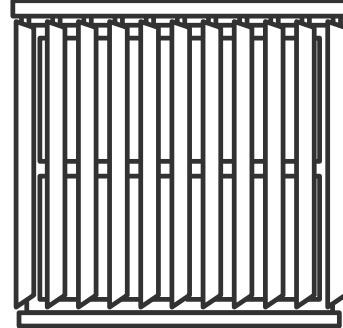

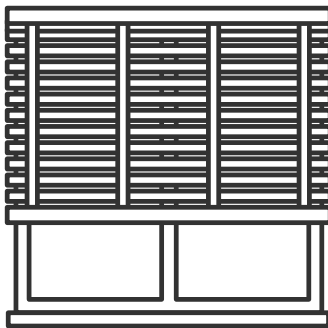

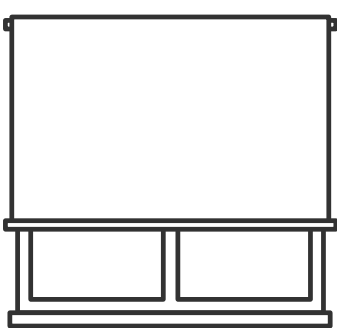

These will be needed when placing your order

(we will make the necessary adjustments)

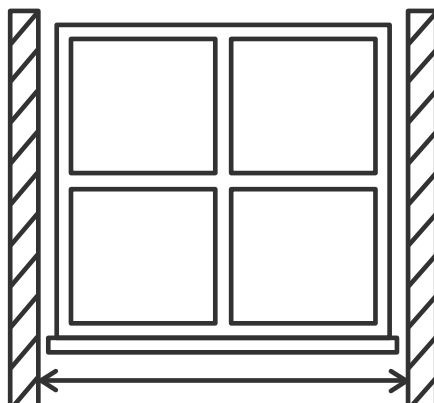

Your blind will be made to these measurements.

3 How to measure for your outside recess blind.

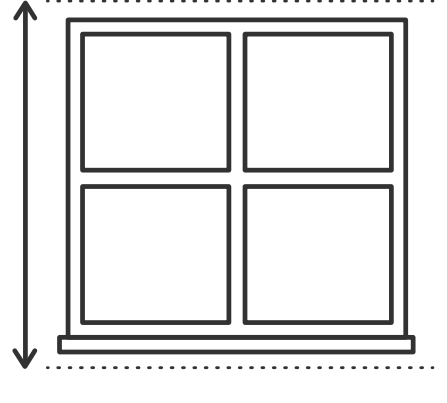

(for inside recess see step 2)

Measure the window width in centimeters and add at least an extra 5cm left and right for the overlap.

Make sure there are no obstructions for any additional overlap

Measure the exact drop of the blind in centimeters from where you want the blind to hang, to where you want the blind to finish.

Your blind will be made to these measurements

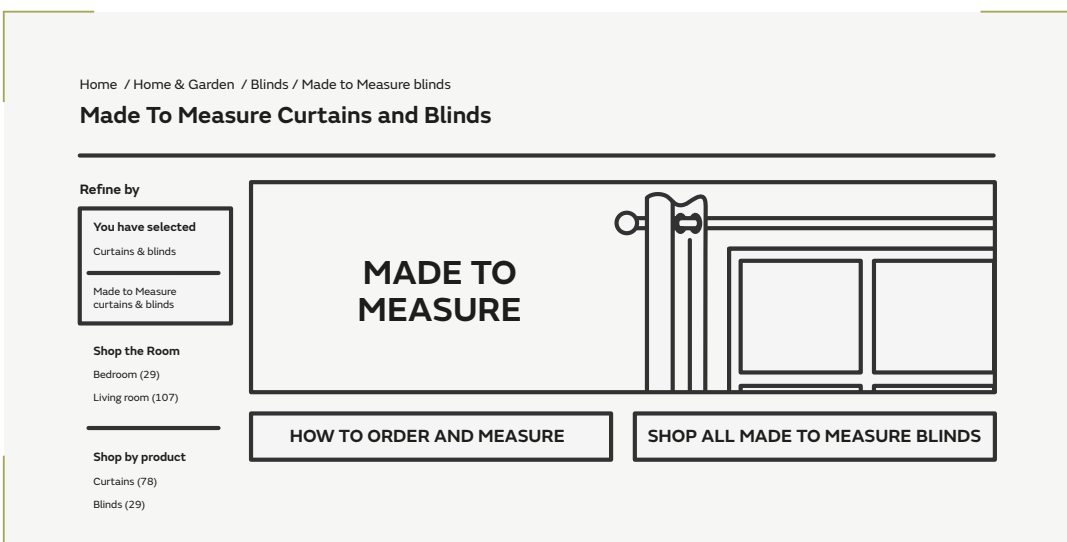

Made to Measure Blinds

How to order online.

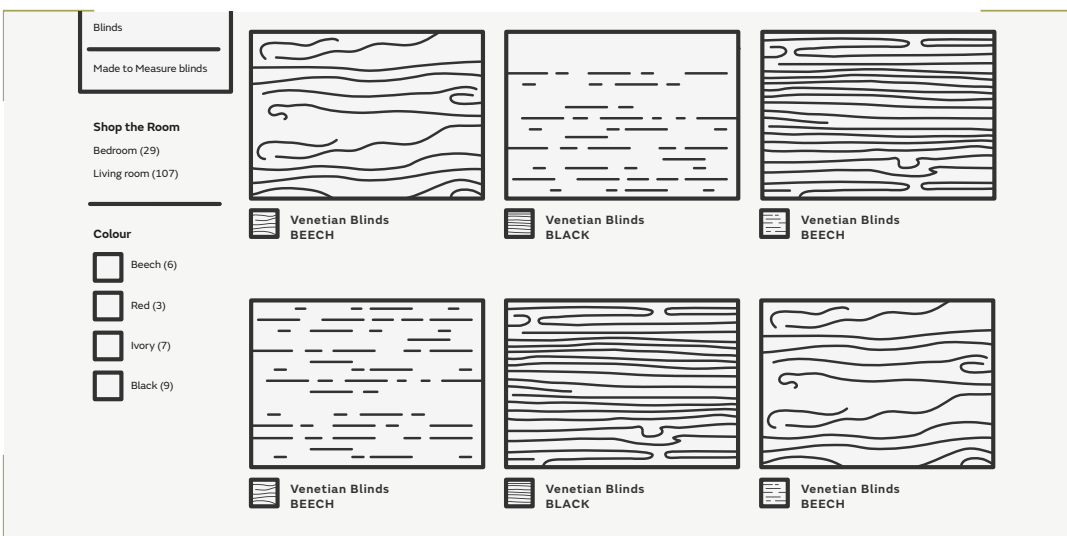

1 Step 1

Select the "Shop all made to measure blinds" button.

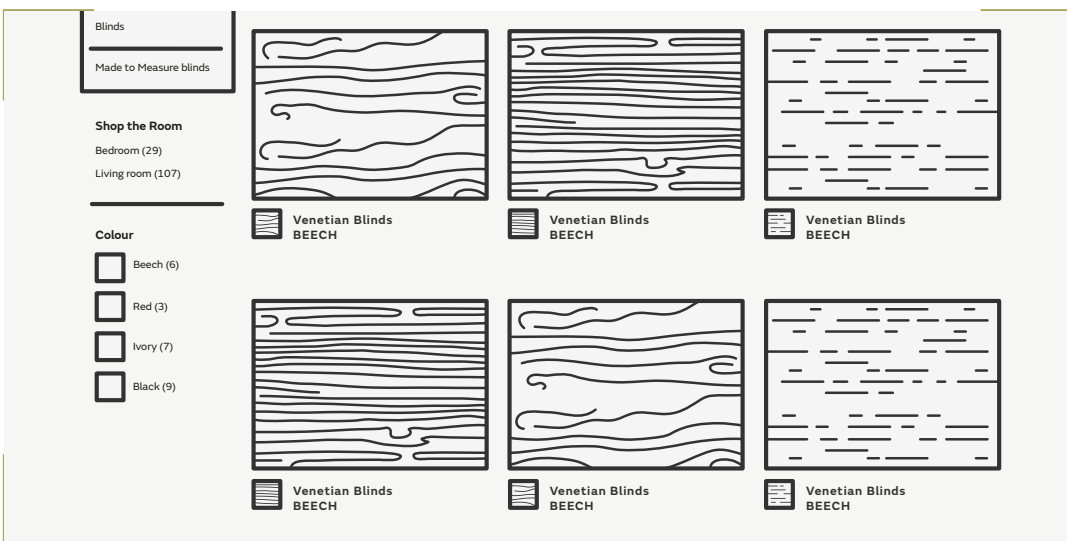

2 Step 2

Select your preferred colour from the navigation section on the left of the screen.

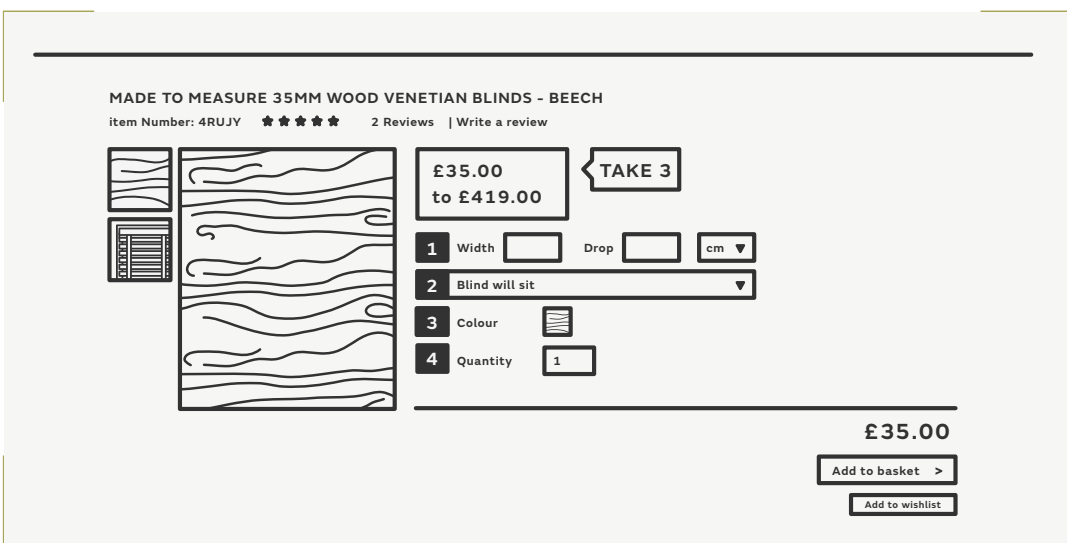

3 Step 3

Browse the product gallery for your preferred design.

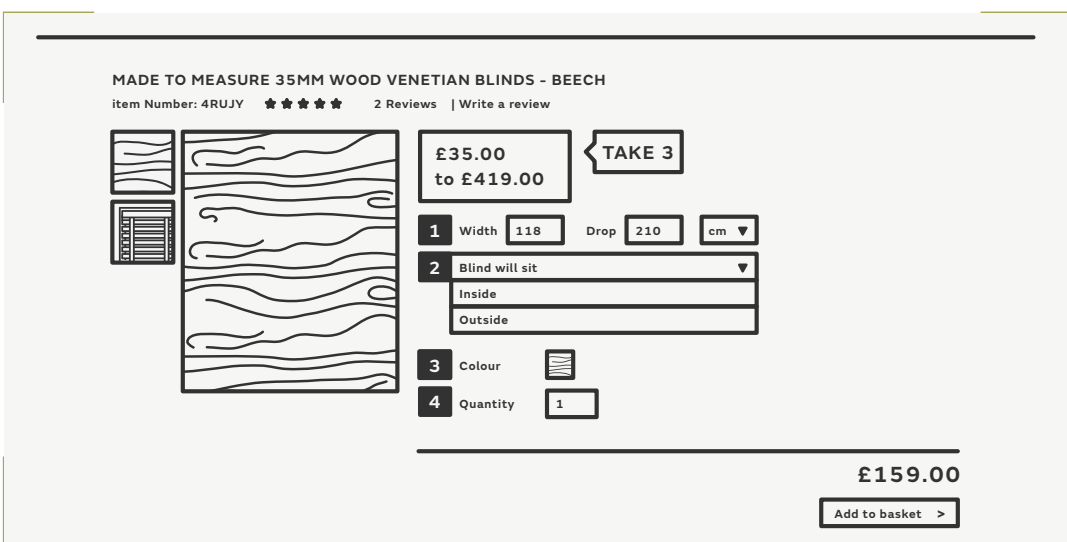

4 Step 4

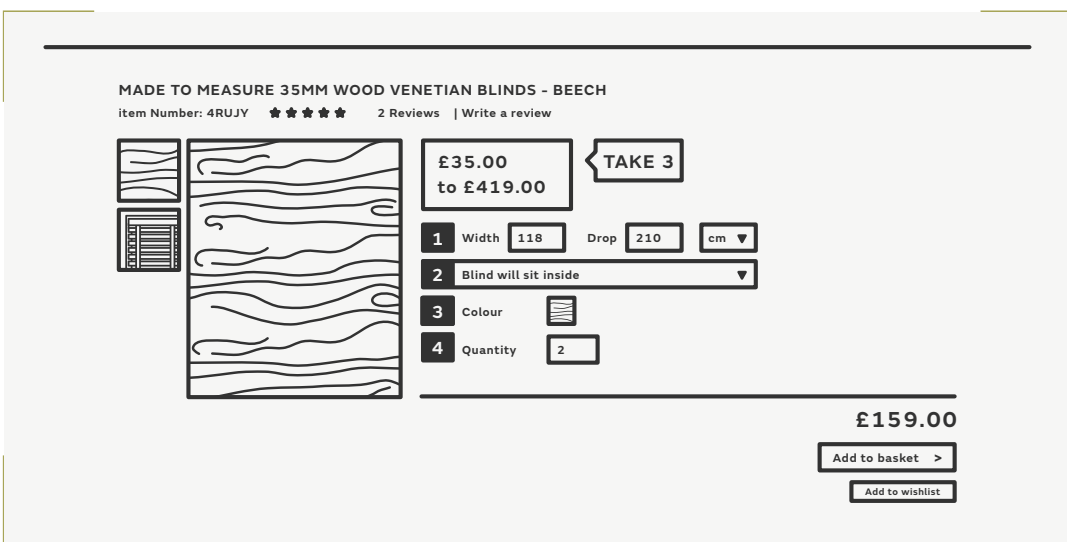

Enter your chosen width and drop (length).

From the drop down option select whether the blind is inside or outside the window recess.

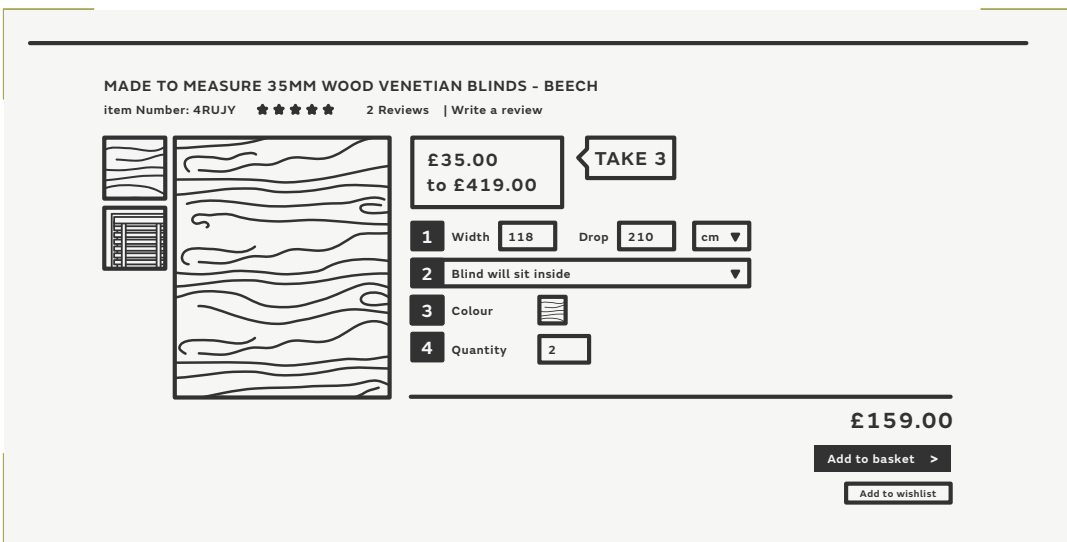

Enter your desired quantity.

5 Step 5

Select 'Add to basket' and follow the checkout process to complete your order.

Your blinds will be made to your exact requirements.
